

# The Revolution In Me

## Black Country Communion

I seen the tallest mountains  
I've drank your finest wine  
I've been your soldier of fortunes  
I bend down to my last dime

Now it's mind over matter  
Story of legends, you'll see  
Like the fields of Dunkirk  
Still The Revolution In Me

I marched my army to New Orleans  
Burning everything in sight  
Ides of March are up on me  
Won't take me without a fight

Now it's mind over matter  
Story of legends, you'll see  
Like the fields of Dunkirk  
Still The Revolution In Me

I always handle my business  
Promptly rolled the dice  
I'm forty now, my best  
days are gone  
Still have fire in my eyes

Now it's mind over matter  
Story of legends, you'll see  
Like the fields of Dunkirk  
Still The Revolution In Me

Now it's my mind that matters  
Still The Revolution In Me
