

Fly Away

Black Eyed Peas

When the world changes, you adjust
So, on this joint right here
We about to take flight ya'll
Ooh, ooh, check it out ya'll
Ooh, ooh, check it out ya'll

Yo' Fergie what cha' gonna' do?
Flip it up
Yeah, what we came to do
Show these people how we gonna' do
Mix it up
Yeah, it's black eyed peas ya'll
So, check it out now, ay

Your here, so gone
This dusk has suddenly turned into dawn
I know, you've already been here too long, too long, too long
Although you won't see me fall from grace
You step on my soul as you walk away
My demise you'll never know, I'm letting you go

Fly away now
Flip it up, flip it up, get back on the truck
Got to keep movin' keep revin' it up
Mix it up, mix it up, time for the next stop

You've got to go now and fill up your truck
Fly away now, fly away now
Switch it up, switch it up, go hop on that bus
Don't need to blow the horn I'll be tough, hey

You take me from me
With you, forever but darling I see
The world, is who you belong to not me
So I set you free

Fly away now
Flip it up, flip it up, get back on the truck
Got to keep movin' keep revin' it up
Mix it up, mix it up, time for the next stop

You've got to go now and fill up your truck
Fly away now, fly away now
Switch it up, switch it up, go hop on that bus
Don't need to blow the horn I'll be tough, hey

I be fallin' up, never fallin' down
'Cause I spread my wings and I glide around town

Fly, lover go, find your nest, find your home
Uh, uh, oh, uh, oh, uh, oh
I miss you so, spread your wings, let it flow
Uh, uh, oh, uh, oh, uh, oh

I be fallin' up, never fallin' down
'Cause I keep it on a higher level, elevated ground

Flip it up, flip it up, get back on the truck
Got to keep movin' keep revin' it up
Mix it up, mix it up, time for the next stop
You got to go now and fill up your truck

'Bout to get gone, baby, fly away now
Yeah, gettin' gone now, fly away now
Switch it up, switch it up, go hop on that bus
Don't need to blow the horn I'll be tough, hey

Get back on the truck, yeah
Got to keep movin' keep revin' it up
Mix it up, mix it up, time for the next stop
You got to go now and fill up your truck
'Bout to get gone, baby, fly away now

Takin' flight now
Uh, uh, oh, uh, oh, uh, oh
Switch it up, switch it up, go hop on that bus, yeah
Don't need to blow that horn I'll be tough

Flip it up, flip it up, takin' flight now
Uh, uh, oh, uh, oh, uh, oh
Getin' gone, baby
Switch it up, switch it up, takin' flight now
Uh, uh, oh, uh, oh, uh, oh

Flip it up, fly away now
Switch it up, fly away now
Takin' flight baby
Uh, uh, oh, uh, oh, uh, oh
Doin' what's right now
Uh, uh, oh, uh, oh, uh, oh
