

# The Best One Yet (The Boy)

Black Eyed Peas

Right now...

Right now is the right time

For the good things in life, let's celebrate

Let's bring upon the better times and let the sadder time dissipate (ooh)

I feel like a champion in a stadium

There's love in pandemonium

I'm a put this in my memory as the best time ever

This is the best one yet, and I'm so happy

How could we ever forget?

This is the best one, this is the best one

This is the best one yet and I'm so happy

How could we ever forget?

This is the best one, this is the best one

This is the best one yet

Let's celebrate [2x]

Let's celebrate, let's do it right now

And not hesitate

We're gonna rock into the top like elevate

Bottoms up, here we go

Let's intoxicate

I was feeling good, but now I'm feeling free

Best ever and you know I don't exaggerate

This moment is the moment I will appreciate

Today is the day I will remember

This is the best one yet, and I'm so happy

How could we ever forget?

This is the best one, this is the best one

This is the best one yet and I'm so happy

How could we ever forget?

This is the best one, this is the best one

This is the best one yet

Let's celebrate [2x]

This is your moment, this is your moment

This is the time, this is the time

To get it right tonight

To get it right

You don't wanna let the moment pass you by

So come on and see this one in a photograph

Everything that made us cried and made us laughed

The night is young and will raise a glass

Would make it count like the best one we ever had

The best one yet [14x]

This is the best one yet, and I'm so happy

How could we ever forget?

This is the best one, this is the best one

This is the best one yet and I'm so happy

How could we ever forget?

This is the best one, this is the best one

This is the best one yet

Let's celebrate [2x]
