

Blood and Ashes

Black Flag

We came appalled starting a fire
Insatiable, lust and desire
But you are the reason that I am a liar
You are the reason I am a liar
Will you concede to my con and desire
Will you condemn me for what I aspire
You are the reason I am a liar
You are the reason I am a liar

My blood and ashes
Blood and ashes
Blood and ashes
My blood and ashes

You can't forgive me and I can't forget
Don't try to rush me I don't feel shit
I'm down on my knees and I'm dripping...
With sweat

You are the reason I am a liar
You are the reason I am a liar

My blood and ashes
Blood and ashes
My blood and ashes
Blood and ashes
