

## Clocked In

Black Flag

I tried to apply  
I can't get loose  
my day is to myself  
put my brain in a noose

Buzzer sounds, gotta move  
feet move, legs move, hands move, brain moves....  
real slow

I gotta' be on time  
just to collect my reward  
I gotta stand in line  
makes me feel so fucking bored

'Boss barks orders at me  
but I can't yell back  
'cause whenever I try....  
get that son of a bitch off my back

I have this problem every morning,  
I gotta' face the clock;  
punch in, punch out, it makes me so pissed off  
one of these days I'm gonna smash it off the wall!  
go home!
