

1. I was looking for a lover  
Living underneath the sun  
I thought I was the other  
When I knew I was the one

R: Caught a handle on the rising sun  
Took a day to rise and fall  
At the end of the trail I was scarred and burned  
But I felt no pain at all

2. Walking through a world of lies  
With a heart made out of stone  
I looked deep into my eyes  
And I knew I was alone

R: Caught a handle...

3. I'm a son of a son  
I'm the son of the sun  
My death trip  
Has just begun

R: Caught a handle...

4. I was looking for a lover  
Living underneath the sun  
I thought I was the other  
When I knew I was the one

R: Caught a handle...
