

Modern Man

Black Flag

He's too straight and you can wait.
Modern man.
I've only got time for a few, and not you.
Modern man.

I'll push you hard, I can't know you.
Modern man.
cause then we'd have to be friends, and that just won't do.
Modern man, Modern man.

Living tomorrow is everyone's sorrow.
Modern man's daydreams have turned into nightmares.
It's for you that I sing to share what I feel
Modern Man

The things I need in this world
Modern Man
If you don't like it, you can leave me alone
Modern man, Modern man
cause when I talk to you I want to hang up the phone
Modern man, Modern man

Living tomorrow is everyone's sorrow.
Modern man's daydreams have turned into nightmares.
He's too straight and you can wait.
Modern man.

I've only got time for a few, and not you.
Modern man.
I'll push you hard, I can't know you.
Modern man.
cause then we'd have to be friends, and that just won't do.
Modern man, Modern man.
