

## Room 13

## Black Flag

Keep me alive  
Only you can do it  
If not you'll die too and I'll see to it

It's hard to survive  
Don't know if I can do it

Keep me alive  
I can't accept my fate  
I need help before it's too late

It's hard to survive  
Don't know if I can do it

I need to belong  
I need to hang on  
I need, need

Keep me alive  
Feelings I must obey  
Can't turn my eyes from the past  
This crisis is the last

It's hard to survive  
Don't know if I can do it

Keep me alive  
I rely on your judgement  
I've got none left of my own  
Don't know what I'm doing

It's hard to survive  
Don't know if I can do it

I need to belong  
I need to hang on  
I need, need

Keep me alive  
Only you can do it

Keep me alive  
Only you can do it

It's hard to survive  
Don't know if I can do it

Keep me alive  
Keep me alive  
Keep me alive  
Keep me alive

It's hard to survive  
Don't know if I can do it

I need to hang on  
I need to belong

I need, need.
