The Swinging Man

Swinging man I'm hanging around Hangin' 'round I'm the swinging man and my feet Never touch the ground Swinging man Swinging man I swing back and forth Back and forth Back and forth Back and forth I was looking for a little warmth But I didn't find nuthin' So now I'm hanging around Swinging man Feeling no pain No pain No pain No pain All the girls know my name I go by; swinging man Swinging man I tell you what - you get yourself together And you go downtown, you come on home And I'll still be hangin' around Because I'm the swinging man And my feet never touch the ground Now if you love me, you'll cut me down But if not, I'll still be hangin' around cause I'm the swinging man and my feet Never touch the ground I'm the swinging man.
