

Good

Black Lab

So tonight's your big night
and someone's here to see you
When you hit that spotlight
let the world rise up to meet you

We're gonna take their heads
you're gonna turn them sideways
gonna take their heads
you're gonna hit that highway

Cause it's not enough to feel without feeling good
yeah it's good good good
Come on baby come on.
yeah it's all good good good
Come on baby come on
yeah it's all good good good

Well dress yourself right
and no one here can beat you
be that satellite.
let the sun come up to meet you, yeah

We're gonna take their heads
you're gonna turn them sideways
gonna take their heads
you're gonna hit that highway

Cause it's not enough to feel without feeling good
yeah it's good good good
Come on baby come on.
yeah it's all good good good
Come on baby come on
yeah it's all good good good
Come on baby come on
it's all good good good

Come on, come on, come on

It's all I want. yeah it's all I need.
It's all I want. yeah it's all I need

Cause it's not enough to feel without feeling good.
yeah it's good good good
Come on baby come on.
yeah it's all good good good
Come on baby come on
Come on, it's all good good good
Come on baby come on
yeah it's good good good
Come on baby come on.
yeah it's all good good good
Come on baby come on

Come on!
