

# Learn To Crawl

Black Lab

You can laugh, you can feel fine  
You can dance with a little twist  
Tell your pretty red haired babe to forget that I exist  
Can you see yourself in my bed at night?  
Would you leave me at the side of the road?  
Would you walk right up to me?  
Would you talk to me?

I'm already asking  
Down on my knees  
I'm already begging  
Begging you please

Can you teach me how to fly? (C'mon)  
See, I'm scared to die (C'mon)  
We've only just begun to learn to crawl  
Can you teach me how to fight? (C'mon)  
Will you keep me up all night? (C'mon)  
Will you be there on the ground if I should fall?  
Fall for you

I could feel you like the spider sting  
Like a memory in my mouth  
I feel like the morning fell  
Like the bottom's falling out  
I could see what's up there above it all  
And you're down in the valley below  
I could walk right up to you  
I could talk to you

I'm already asking  
Down on my knees  
I'm already begging  
Begging you please

Can you teach me how to fly? (C'mon)  
See, I'm scared to die (C'mon)  
We've only just begun to learn to crawl  
Can you teach me how to fight? (C'mon)  
Will you keep me up all night? (C'mon)  
Will you be there on the ground if I should fall?  
Fall for you

Fall for you

La na na na na  
Yeah

Can you teach me how to fly? (C'mon)  
See, I'm scared to die (C'mon)  
We've only just begun to learn to crawl  
Can you teach me how to fight? (C'mon)  
Will you keep me up all night? (C'mon)  
Will you be there on the ground if I should fall?  
Fall for you

La na na na na

Fall for you  
Fall for you
