

# The Real You

Black Lab

So, let me stay  
Stay a little while  
I'll be gone girl  
Before the sun can rise

I know you're scared  
I know your father's mad  
I know the saying in thee  
And "I'd make you sad"

But I won't give up and I don't mind waiting,  
I can wait another day  
And I won't give up, and I don't mind watching  
But I can't walk away

'Cause I lost my shadow, lost my heart  
Broke my back and crash my car  
And I know that I've got one last chance to show you the real y  
ou

So, will you stay?  
Stay for a little while  
Everything is easy

When you let me see you smile

And I'll go down  
Down before it's through  
There's nothing secret  
That I wouldn't do for you

And I lost my shadow, lost my heart  
Broke my fists, crash my car  
And I know that I've got one last chance to show you the real y  
ou

And I don't mind waiting  
And I don't mind watching  
But I can't walk away  
And I don't mind waiting  
But I can't walk away  
And I don't mind watching  
But I can't walk away
