

# Without You

Black Lab

Keep the pictures we took  
Keep the records and the books  
But tell me what it was that went wrong  
I think about California  
I think about getting out of here  
I think I'll change my name  
I know I'll never be the same without you

Without you  
No matter where I go  
Or what I do  
I'll always be in love with you  
Without you

I know you're sick of me now  
I know you're sick of my advice  
I never learned to keep it to myself  
I think about California  
I think about burning down this town  
I think I'll change my name  
Maybe you should do the same

Without you  
Without you  
No matter where I go  
Or what I do  
I'll always be in love with you  
Without you

Tell me what did I do?  
What did I say?  
How could I end up this way?  
Without you

And just this once pretend  
Forget that I was drunk that night when I said  
That I would jump a mile to my death if you should ever leave  
You promised that you'd always be with me  
Are your black eyes turning blue?  
'Cause I just can't live without you
