

## Black Pearl

Black Label Society

Mother come pick me up  
I feel I've lost all that I knew  
In this forest full of lies  
You're all that's ringing true

Oh, by my world  
Black Pearl  
Forever my world  
Black Pearl

Gather all that's left  
Place my fears up on this shelf  
Now I feel alive  
As I'm no longer by myself
