

# Doomsday Jesus

Black Label Society

Kill your past and all you thought you knew  
Blacked out, hatred running through and through  
Horsemen rolls, tomorrow's fading fast  
Make damn sure, aint nothings gonna last

Ohhh

Ohhh

Doomsday jesus we need you now

Oooh

Oooh

Doomsday jesus we need you now

Souls that bleed have nowhere left to run  
Blind the crucifix and shoot the gun  
Generals speak, we leave a trail of dead  
Keep on killing 'til theres nothing left

Ohhh

Ohhh

Doomsday jesus we need you now

Oooh

Oooh

Doomsday jesus we need you now
