

Doomsday Jesus

Black Label Society

Kill your past and all you thought you knew
Blacked out, hatred running through and through
Horsemen rolls, tomorrow's fading fast
Make damn sure, aint nothings gonna last

Ohhh

Ohhh

Doomsday jesus we need you now

Oooh

Oooh

Doomsday jesus we need you now

Souls that bleed have nowhere left to run
Blind the crucifix and shoot the gun
Generals speak, we leave a trail of dead
Keep on killing 'til theres nothing left

Ohhh

Ohhh

Doomsday jesus we need you now

Oooh

Oooh

Doomsday jesus we need you now
