

## Electric Hellfire

**Black Label Society**

You've you a suicidal death wish that's plain to see  
Suicidal death wish bring it to me  
Have you ever met Jesus, soon you will see  
You're gonna meet Jesus if you're messing with me

Electric Hellfire  
Higher, higher  
Electric Hellfire

This hand of doom that is holding you down  
Say your prayers son, you're gonna drown  
Stormtroopin' Jesus, you're gonna see  
You're gonna meet Jesus  
If you're messing with me
