

Hell Is High

Black Label Society

Hell is high
So am I
A junkie's rush, flying across the sky
A million miles an hour
No, it ain't enough
Machine gun mind and a junkie's rush

Life is good
Life is fine
Pull the trigger one more time

Hell is high
And you all know
When the pedal hits the floor it's time to roll
A million miles an hour
No, it ain't enough
Machine gun mind and junkie's rush

Life is good
Life is fine
Pull the trigger one more time

Hell is high
And so are you
Take a look in the mirror
Yeah, you know it's true
A million miles an hour
No, it ain't enough
Machine gun mind and a junkie's rush

Life is good yah
Life is fine
Pull the trigger one more time
