

## Once More

Black Label Society

Once more  
Forever 'till the end of time  
Forever found  
Think what you may, but honey I ain't blind

Lost in the shuffle like a child all alone  
Count my days for the end is my home  
Once more  
Forever 'till the end of time

Oh

Once more  
I kill myself again  
Once more  
I'm a slave to the goddamn end

Lost in the shuffle like a child all alone  
Counting my days for the end is my home  
Once more  
Forever 'till the end of time

Oh
