

Big Black Baby Jesus Of Today

Black Lips

It don't matter what they say
You can't be the Jack Johnson of today
Big Black Baby Jesus on the way
Come on, the Jesus of today
Come on...

Do it
Do everything
Big Black Jesus on the way
It don't matter what they say

Put Black on the holy radio
Come back, where you can't fail
If you want it for someone to pay-o
Come on, you need the coffee and the mayo
Come on...

Do it
Do everything
Big Black Jesus on the way
It don't matter what they say
Jack Johnson of today
Yeah!
