Boomerang

Black Lips

If I had all my karma and it all came back to me
then I'll have it like a boomerang
Thrown farther than eyes could see
If I had it like a boomerang
Thrown farther than eyes could see
Id have all my karma coming back to me

Back to me
Back to me
Back to me

If I had all my problems and they all came back to me
then I'll have it like a boomerang
Thrown farther than eyes could see
If I had it like a boomerang
Thrown farther than eyes could see
Id have all my karma coming back to me

Back to me
Back to me
Back to me
