

## Another Dawn

Black Majesty

Somber night he awakes  
He's withdrawn from the light  
The son of the night  
The moon and the sky  
The gathering calling him out to flight  
Another must pass to survive

He's the one that takes your life, your sacrifice  
Cannot save your soul damn you to hell

Another dawn here it comes a new day  
And you will still hide from the light  
You will be waiting still sleeping until dusk comes again  
Nothing but dawn in your heaven and hell  
Yet you still hide from the light  
Forever condemned  
You're eternity condemned to the night

Baptized in blood of the ancient ones  
The darkest of hate burns inside  
Who is the one to be sacrificed  
On this magical night?  
Tempered by fire  
Forgotten in hell  
Ascending on this earth to dwell  
Child of the moonlight  
You're caught in a spell

He's the one that takes your life  
As you wait for your sacrifice  
Cannot ever save your soul  
Destiny sent you to hell
