

## Wings To Fly

Black Majesty

Time goes by  
Turn the page  
I've got to move on  
Set myself at a better pace  
Hours they fly  
I am left behind

Say goodbye to old memories  
It's a new day now

On new wings we learn to fly  
And leave the past for someone else to find  
Soaring over to a higher plane  
Now that I have earned my wings to fly

Though I've tried  
Feels so strange  
Took the test of time  
I'm in a better place  
Years they fly  
All is left behind

Say goodbye to old memories  
It's a new life now
