

Evil Ways

Black Mountain

Witchy child put a spell on me
and there ain't no way I can be freed
I've been imprisoned by your demon lust
Cursed by your black magic touch

It ain't easy but you've got to change your evil ways

Damn, you know I've burnt some sinner's fire
Chased the devil now I've seen the light
Ain't no escape from these evil ways
Sweet Lucifer, I must break free

It ain't easy but you've got to change your evil ways

Bless me lord from what I've done
Problem child ain't no devil's son
But the hounds of hell keep chasing me
Free the witch and let me be

It ain't easy but you've got to change your evil ways
