No Satisfaction

Black Mountain

Oh, muse, I'm embarrassed Of what happened Let's light up your down And get things happening We can't get no satisfaction We can't get no satisfaction

Hurry, hurry, hurry Miss contractions Let's light up your down And get things happening We can't get no satisfaction

'Cause everybody likes to Claim things And everybody likes to Shame things And everybody likes to Clang bells around

Oh, muse, I'm embarrassed Of what happened Let's light up your down And get things happening We can't get no satisfaction We can't get no satisfaction

'Cause everybody likes to Claim things And everybody likes to Shame things Hang around They like to clang around

'Cause everybody likes to Claim things And everybody likes to Shame things And everybody likes to Clang bells around
