

# Show Me The Night

Black 'N Blue

Take her heart and rip it from her body  
I don't even care  
Just toss my love into the air  
And I sit back, watch my feelings all go up in smoke  
All those feelings are a joke  
They are a joke

I don't need your devotion, I don't need your respect  
But I'd only abuse you for one night  
There's a secret emotion, you lead me to detect  
When I've got you locked in my sights

Show me the night  
Make me see the light  
Make you feel right, show me the night  
Show me the night  
In the light I'm out of sight  
Make you feel right, show me the night

Every night we escape from the real world  
And I need to get away  
You've got nothing more to say  
I'm gonna make you feel like  
You're living on your last breath  
And then you'll see  
That for tonight you are for me  
You are for me, yeah

I don't need your devotion, I don't need your respect  
But I'd only abuse you for one night

Show me the night  
Make me see the light  
Make you feel right, show me the night  
Show me the night  
In the light I'm out of sight  
Make you feel right, show me the night

(Solo)

Show me the night  
Make me see the light  
Make you feel right, show me the night  
Show me the night  
In the light I'm out of sight  
Make you feel right, show me the night  
Show me the night  
Show me the night  
Oh, I'm out of sight
