

Suspicious

Black 'N Blue

I said
Where do ya go, when the sun goes down
I believe in workin' it out
You keep runnin' around

Well I won't bother you, if you don't bother me
So let me be your number one
Or put me out of misery

I wanna know (I wanna know)
Do you lead a double life
I said I wanna know
Or is that what you call love, hey

Where do you go, I can't let you go
I've gotta know, I'm out of control

I, I, I'm so suspicious, you know it
I, I, I'm so suspicious, ooh

You and me babe, we got alot to learn
You know live to love or love to live
Or ya might get burned

I wanna know, at night do you think of me
I said I wanna know
Or am I just your scenery, hey

Where do you go, I can't let you go
I've gotta know, I'm out of control

I, I, I'm so suspicious, you know it
I, I, I'm so suspicious, yeah
I'm the one you need
And I need you here with me
But, I, I, I'm so suspicious, ooh

(suspicious)

ooh
ooh
ooh
ooh, hey

(solo)

I, I, I'm so suspicious, you know that
I, I, I'm so suspicious, yeah
I'm the one you need
And I need you here with me
But, I, I, I'm so suspicious

(where do you go)
I, I, I'm so suspicious
(I gotta know)
I, I, I'm so suspicious
(where do you go)

I, I, I'm so suspicious
(I gotta know)
I, I, I'm so suspicious
(where do you go)
I, I, I'm so suspicious
(I gotta know)
I, I, I'm so suspicious
(where do you go)
I, I, I'm so suspicious
