

## Back It Up

Black Oak Arkansas

Back it up  
Right up to me  
Why don't you try it on for size  
Back it up  
Right up to me  
Never mind the lights  
Back it up  
Right up to me  
Why don't you try it on for size  
Back it up  
Right up to me  
You won't believe your eyes

There's a whole lot of love  
Waitin' here for you  
You know what kind of love I mean  
You've had a dream or two  
That burnin' kind of love  
That wakes you in the night  
Makes you sit straight up and  
Cry out with delight

Back it up  
Right up to me  
You won't believe your eyes  
Back it up  
Right up to me  
You won't believe your eyes

Your heart is burnin' and  
Your mind is the wind  
Your soul must open  
Let the goodness in  
You're Mother Nature  
And I'm Father Time  
So give me some love  
I can get behind

Back it up, right up to me  
Why don't you try it on for size  
Back it up, right up to me  
You won't believe your eyes

Back it up, right up to me  
I could shout about it feels so good  
Back it up, right up to me  
In fact I think I wish you would

Back it up, right up to me  
I could talk to you so sincere  
Back it up, right up to me  
Backi it up, right up to me  
Back up close to me dear  
Back it up, right up to me  
I could whisper in your ear  
Back it up, right up to me  
You have nothin' to fear

Back it up, right up to me  
We only have to touch  
Back it up, right up to me  
Oh, I need you so much

Back it up, right up to me  
Why don't you try it on for size  
Back it up, right up to me  
You won't believe your eyes

Back it up, right up to me  
Why don't you try it on for size  
Back it up, right up to me  
You won't believe your eyes
