

# Hold Me Down

Black Oak Arkansas

I don't wanna do somethin I'll regret, so  
hold me long  
in 10 or 20 years maybe I'll forget  
the reason we are together, so  
hold me down  
there's two ways to go down the road of life, so  
hold me long  
you threw me away and you can't turn back, so  
stop where you are  
and have a candybar  
and rearrange your heart for me

Stop where you are  
stop where you are  
stop where you are for me  
stop, stop, stop, for me

Hold me down  
you better watch out I'm not the only one around, so  
hold me long  
this ain't a circus and I ain't no clown  
hold me down  
there's two ways to go down the road of life, so  
hold me long  
you threw me away and you can't turn back, so  
stop where you are  
and have a candybar  
and rearrange your heart for me

Stop where you are  
stop where you are  
stop where you are for me  
stop, stop, stop, for me

Hold me down  
hold me long  
hold me down love
