

Love Comes Easy

Black Oak Arkansas

Love, I've given you everything
Love, straight from my soul I sing
Love, still you see a mystery
Love, it means everything to me
Love should have no mystery
Love should come beautifully
Love, between you and me
Love, should come easy

Come easy come easy
Love comes easy
Come easy come easy
Love comes easy

Love, you touch me tenderly
You're in everything I see
Love, runnin' all over me
Love can set me free
Love, only you can make me happy
Love, only you can understand me
Love should come naturally
Love should come easy

Come easy come easy
Love comes easy
Come easy come easy
Love comes easy
