

One Life To Live

Black Oak Arkansas

How long will it take,
To find someone to make me happy?
How long will it take,
To find someone who would love me?

When I have one,
And my work is done,
And it makes my way to a brighter day,
When illusions stray,
And I will say,
ONE!

It started when I found my friends,
They would help me through thick and thin.
But then she came our way,
Making every day just like Saturday.

Yeh, heh, yeah yeah, my my, YEH!

Yeah, make my brighter days,
Make my brighter days,
One today, one today, yeah!
All my life I've been tortured,
But exactly what life had to be for me.

My friends have been so much to me,
Simply holding life together.
