

The Big One's Still Coming

Black Oak Arkansas

We're having an earthquake
we're goin insane.
A California earthquake
has been shakin our brains.

We're havin an earthquake
and some think it's fun.
But in an earthquake
there's nowhere to run.

But the big one's still comin,
yea, it's on its way.

California earthquake
shakin our heads
yea we're havin an earthquake
on our water-beds.

California earthquake
is breakin the ground.
We're havin an earthquake
what a crazy sound.

But the big one's still comin
yea, it's on its way.

We're havin an earthquake
we're goin insane.
A California earthquake
has been shakin our brains.

We're havin an earthquake
and some think it's fun.
But in an earthquake
there's nowhere to run.

But the big one's still coming,
yea, it's on its way.
