

# You Can't Keep A Good Man Down

Black Oak Arkansas

Luther King was a good ole boy  
Raised in poverty  
Couldn't be broke or even provoked  
Made rock and roll history  
Gave the people hope with a good  
full scope  
Of freedom been denied  
Politicians know that freedom grows  
Because of that he died.

Let 'em feel it when they see you  
You can't keep a good man down  
You can't keep a good man down  
You can't keep a good man down

I feel like singin' to you this song  
For all the livin' underdogs  
The flame of hope must carry on  
Even against unbeatable odds  
It don't matter if you're president  
Or rock and roll stars  
If they got your name it's all the same  
And they know who you are
