

Gospel Song

Black Rebel Motorcycle Club

I will walk with Jesus till I can't go anymore
And I will stay with Jesus till I can't go another mile

And people will see all the good that's concealed
And people must know not to feel any sorrow
Cause I will not stand by and watch you cry

I will stay with Jesus till I can't stay anymore
And I will stand with Jesus till I can't take another stone

And people will see all the good that's concealed
And people will know not to feel any sorrow
Cause I will not stand by and watch you cry
