## It's Alright

## **Black Sabbath**

Told you once about your friends and neighbours They were always seeking but they'll never find it It's alright, yes it's alright

Where to go and where to see
It's always been this way and it can never be
It's alright, yes it's alright

Give it all and ask no return

And very soon you'll see and you'll begin to learn

That's it's alright, yes it's alright

Don't you know that it's so good for you You can be making love and see it all go through But it's alright, yes it's alright
