

## Things My Father Said

Black Stone Cherry

The things my father said  
would make me a better man,  
Hard work and the love of friends  
a woman that understands.

I hope my father knows the seeds we've sewn still grow,  
At night I go to sleep and pray he's watching over me

Somewhere there's a star that's shining,  
So bright that I can see you smile,  
And all that I need is one last chance,  
Just to hear you say... Goodbye...

Sometimes I remember when  
You taught me to tie my shoes,  
One thing I will never forget  
Is the day that I lost you.

I hope you always know the car that we built will always roll

Somewhere there's a star that's shining,  
So bright that I can see you smile,  
And all that I need is one last chance,  
Just to hear you say... Goodbye...

And if you have a dream  
You'd better hang on for dear life,  
And when that cold wind blows  
Just let it pass you by.

Yeah... Things my father said  
Yea-ah! Yeah yeah yeah...

Somewhere there's a star that's shining,  
So bright that I can see you smile,  
And all that I need is one last chance,  
Just to hear you say... Goodbye...

Goodbye... Just to hear you say... Goodbye...
