

The Perfect Pervert (purity)

Black Tape for a Blue Girl

If this time I react with emotion
I'd rather you play non-consensual

I put the blindfold over her eyes
I put the rag in her mouth

Don't think about pleasing me
Do what you wish, even if I protest

I tell her to kneel in the center of the floor
I pull down her clothes, I touch her

Wrist bound to ankles, very exposed
No chance of escape, I open to you

I draw on my feelings, draw on my memories
The flogger makes contact with skin

It excites me that you're training me
Mentally, physically preparing me

You need to be broken down
You need to be rebuilt

Don't ask me if I'm okay, do what you wish
I need to be overwhelmed

My hand makes contact with your skin
I push you down, I plunge within

In these restraints I've given control
If I react like last time just continue

You need to be broken down
You need to be rebuilt
You need to be purified

Wrist bound to ankles, very exposed
If I react like last time
Make me cry for real instead

You need to be broken down
You need to be rebuilt
You need to be purified
