Black Tusk

all your flesh  
torn from the bone  
hell's gates swing  
wide for you  
your god can't  
save you now  
now who is  
so motherfucking proud

reason  
existence  
struggle  
put down  
fuck the righteous  
i hope you burn

all your flesh torn from the bone  
hell's gates swing wide for you  
your god can't save you now  
no who is so motherfucking proud
