

Children Surrender

Black Veil Brides

We're born into the night like children of the damned
Our pain will shine a light to those who understand

Born into the night!
Pain will shine a light!

Whoa whoa sink your teeth into forever
Whoa whoa sunlight burns, Children Surrender

An exercise of like to cut beneath our hands
Like souls who missed their plight
we'll bleed along the sand

Born into the night!
Pain will shine a light!

Whoa whoa sink your teeth into forever
Whoa whoa sunlight burns, Children Surrender

Sink your teeth into forever

Whoa whoa sink your teeth into forever
Whoa whoa sunlight burns, Children Surrender
