Children Surrender

Black Veil Brides

We're born into the night like children of the damned Our pain will shine a light to those who understand

Born into the night!
Pain will shine a light!

Whoa whoa sink your teeth into forever Whoa whoa sunlight burns, Children Surrender

An exorcise of like to cut beneath our hands Like souls who missed their plight we'll bleed along the sand

Born into the night!
Pain will shine a light!

Whoa whoa sink your teeth into forever Whoa whoa sunlight burns, Children Surrender

Sink your teeth into forever

Whoa whoa sink your teeth into forever Whoa whoa sunlight burns, Children Surrender
