

Devil's Choir

Black Veil Brides

You've been running for so long, still breathing
Hoping soon to find a song worth singing
Every chapter of this note they're reading
But you're slowly losing hope on bleeding

I'll carry you
My darkest desire
When life sings to you
Through devil's choirs

F.E.A.R. (hey!)
Won't (hey!)
Steal what burns in you (hey!)

I'll carry you
Away from the fire
My desire, devil's choirs
My desire, devil's choirs

Raise another broken glass to failure
A simple promise of a crimson saviour
Take a look into the life you're leaving
I promise you this isn't pain you're feeling

I'll carry you
My darkest desire
When life sings to you
Through devil's choirs

F.E.A.R. (hey!)
Won't (hey!)
Steal what burns in you (hey!)

I'll carry you
Away from the fire, rhaw!

C'mon!

I'll carry you
My darkest desire
When life sings to you
Through devil's choirs

F.E.A.R. (hey!)
Won't (hey!)
Steal what burns in you (hey!)

I'll carry you
Away from the fire
My desire, devil's choirs
My desire, devil's choirs
My desire, devil's choirs
My desire, devil's choirs
