

Nobody's Hero

Black Veil Brides

I'll die fighting inside me there's a fire that burns
My life begins and ends without the faith that we learn
Save me from the darkest places
Save me from myself

I'm a loaded gun, an only son
But I'm Nobody's Hero
I've come undone, I'm on the run
Yeah I'm Nobody's Hero Nobody's Hero

To heal your scars I will give you everything I can
This war of hearts, we will rise again and take a stand
I can lead you to salvation yet I am just a man

I'm a loaded gun, an only son
But I'm Nobody's Hero
I've come undone, I'm on the run
Yeah I'm Nobody's Hero Nobody's Hero

This martyrs cross gets too heavy to exist
And we feel the loss of the lives I left to risk

I'm a loaded gun, an only son
But I'm Nobody's Hero
I've come undone, I'm on the run
Yeah I'm Nobody's Hero Nobody's Hero

I'm a loaded gun, an only son
But I'm Nobody's Hero
I've come undone, I'm on the run
Yeah I'm Nobody's Hero Nobody's Hero

I'm Nobody's Hero
