

Let's Talk About Me

Black

Little queen beware, fashion tempers flare
And they light up with a brilliant glare
Page after page, after page, after page after page
A hollow vase only costs ten pounds
But an empty vessel makes the loudest sound
And you have to get heard in this loudest of towns
Or go under
We don't care if you can't pay,
We don't care what you've got to say
We don't hear when you cry out
Our smiles are hollowed out
Let's talk about me
(Vamos a hablar de ti)
Let's talk about me
(Vamos a hablar de ti)
The people look like ghouls in the neon light
Get the big city blues every single night
World gone crazy? It was never sane- not now
Not ever
Bars full of couples not talking to each other
Seeking solitude in the company of others
"We're not in love- we just can't resist each other
At playtime
We don't care if you can't pay
We don't care what you've got to say
We don't hear when you cry out
Our smiles are hollowed out
Let's talk about me
(Vamos a hablar de mi)
Let's talk about me
(Vamos a hablar de ti)
Let's talk about me
(Vamos a hablar, hablar, hablar)
Let's talk about me
(solo)
We don't care if you can't pay
We don't care what you've got to say
We don't hear when you cry out
Our smiles are hollowed out
Let's talk about me
Let's talk about me
Oh, let's talk about me, me, me, me, me, me
Oh (Vamos a hablar de mi)
Let's talk about me
(Vamos a hablar, hablar
Vamos a hablar de mi
Vamos a hablar, hablar, hablar
Vamos a hablar de mi
Vamos a hablar de mi)
