

You thought I wouldn't come around to you (round to you)  
You know I was down for you (down for you)  
Now I wishing that I never bowed to you (bowed to you)  
I'm in this shit I can't get out of I'm not proud  
I hate the sound of all the songs about you (songs about you)  
You know I was wrong about you (wrong about you)  
Let you hold on to this cash let ya hold on to  
I'm in this shit I can't get out of I ain't proud of

I'm running out of time to hold you close  
Running out of time to be your man (yeah)  
I'm just lost in the moment (yeah)  
I'm just zoning  
I'm running out of time to hold you down  
Running out of time to be your man (yeah)  
I'm just lost in this moment (yeah)  
I've been zoning  
You know that I could get you more, a little more  
Whatever you need, what you need  
I could get you more, a little more  
Whatever you need
