Blame Them

Blackbear

Take a good look around
And tell me what do you see
I never heard such a sound
It brings me down to my knees
So when you take a good look around
Tell me what do you see
Miles of broken homes
Traded my soul for the city of dreams

My brother and my sister
My brother and my sister
Don't speak to me
Don't speak to me

But I don't blame them (but I don't blame them)

My brother and my sister
Don't speak to me
Don't speak to me
Don't speak to me
Don't speak to me

But I don't blame them (but I don't blame them)

My father gave me a name
My daddy gave me a name
It don't matter what they say
This one's changing chains and chains
I don't worry about the future too much
I don't worry about the future
I know I should
But I traded my whole soul for the game
But I traded my whole soul for the city of fame

My brother and my sister
My brother and my sister
Don't speak to me
Don't speak to me
Don't speak to me

But I don't blame them (but I don't blame them)

My brother and my sister
Don't speak to me
Don't speak to me
Don't speak to me
Don't speak to me

But I don't blame them
But I don't blame them
But I don't blame them

I should have blamed them
I should have blamed them
But I don't blame them
I should have blamed them
But I don't blame them
