

# I Hope Your Whole Life Sux

Blackbear

Beartrap, yeah

Sittin', thinkin' slow, I'm all alone in my hotel  
I think it's Albuquerque, I forgot what day it is, you fuckin'  
hurt me  
I don't know, I'm flyin' girls around the world to validate mys  
elf  
I think it's funny, yo  
Lololol's the only L's I'm takin' shots at myself, that's the t  
ruth  
Close my eyes, this girl I barely knew felt just like you  
Instagram be feelin' like the grocery store, I pick and choose  
I got a lot in my account but I ain't got shit to lose

The truth  
Yeah, is I've been up for days on cocaine  
The truth  
Is I've been up for days tryin' not to think about you  
I hope that I'm the reason that you can't sleep  
I hope that your whole life sucks without me  
The truth  
Is I've been up for days thinkin' 'bout you  
I've been up for days thinkin' 'bout you  
I've been up for days thinkin' 'bout you

Once again, you ain't made no time for me, ain't no surprise to  
me  
All my friends are really dead, this ain't no "XO Llif3" for me  
Mama wasn't 'round that much growin' up, it's all good  
Rather pay the Morgans than to see my bro in the hood  
Daddy saw me on TV, he proud that he adopted me  
He called me bugging out 'cause now his radio play "do re mi"  
But everybody wants something, he ain't ask for nothing  
Every time I wanted something, he said most alarms  
"Get a job, have a backup plan B and a C  
And have fun in moderation, work harder, ain't shit for free"

The truth  
Yeah, is I've been up for days on cocaine  
The truth  
Is I've been up for days tryin' not to think about you  
I hope that I'm the reason that you can't sleep  
I hope that your whole life sucks without me  
The truth  
Is I've been up for days thinkin' 'bout you  
Is I've been up for days thinkin' 'bout you  
Is I've been up for days thinkin' 'bout you
