

Thursday/Froze Over (Interlude)

Blackbear

Oh, yeah
Beartrap trap music

Me and Justin Bieber fuck the same girls
Me and G-Eazy fuck the same Wilhelmina models
Me and Chris Brown got the same H-Town
Had to block all your accounts, they all gonna find out about you

Woah, the truth
That did it with another girl on Thursday after you
All this shit we did up on your birthday
Honestly, it's just to me another Thursday

I need to re-up, re-up
Kick my feet up, feet up
Pour another four in my one liter, liter
Need to re-up, re-up
Instagram sluts
'Cause everybody dies and love is fake as fuck
I need to re-up, re-up
Kick my feet up, feet up
Pour another four in my one liter, liter
Truth is all this shit we doin' on your birthday, woah
To me, that's just another Thursday, just another Thursday to me
Got a ho every single day of the week, baby
Oh

Me and Lil Uzi Vert fuck the same girls
Jared Leto get more than me, but it's alright
And Bruno Mars sing these hoes to sleep
If we talkin' pipes, I'ma lay it right there

Woah, the truth
That did it with another girl on Thursday after you
All this shit we did up on your birthday
Honestly, it's just to me another Thursday

I need to re-up, re-up
Kick my feet up, feet up
Pour another four in my one liter, liter
Need to re-up, re-up
Instagram sluts
'Cause everybody dies and love is fake as fuck
I need to re-up, re-up
Kick my feet up, feet up
Pour another four in my one liter, liter
Truth is all this shit we doin' on your birthday, woah
To me, that's just another Thursday, just another Thursday to me
Got a ho every single day of the week, baby
Oh

My heart froze over
My heart froze over
My heart froze over
My heart froze over
My heart froze over
My heart froze over

My heart froze over
My heart froze over
My heart froze over
My heart froze over

My heart froze over
My heart froze over
My heart froze over
My heart froze over
My heart froze over
