

# Weak When Ur Around

Blackbear

Oh, oh, yeah  
Ooooooooooh  
Give it a rest, my love  
Let's take this slow  
We both need some room to breathe  
And if you know what's best for you and me you should leave, ba  
by

So weak when you're around me  
Weak when you're around me, baby

A cigarette between her lips  
She knows how to work a man like me  
And she knows she gets exactly what she needs  
I'm so weak baby

So weak when you're around me  
So weak when you're around me

Cause we're two little people in this big old world  
I could make a living  
Baby, you could be my girl  
I won't sell drugs no more  
I'll move you out the city  
I'm taking you with me  
I'm taking you with me  
Cause if I don't got you then I got nobody at all

So weak when you're around me, baby  
So weak when you're around me  
Cause if I don't got you then I got nobody

(If I don't got you then I got nobody)

Cause we're two little people in this big old world  
I could make a living  
Baby, you could be my girl  
I won't sell drugs no more  
I'll move you out the city  
I'm taking you with me  
I'm taking you with me  
Cause if I don't got you then I got nobody at all  
So weak when you're around me, baby  
So weak when you're around me  
Cause if I don't got you then I got nobody at all
