

Ain't Got The Blues

Blackberry Smoke

I ain't got the blues anymore
I don't toss and turn at night, mama
And I don't walk the floor
Cause ever since lil mama came home
I find what I'm looking for

I'm gonna shine
A big sparklin' shine
Everybody that I meet
Is gonna be a good friend of mine
I'm feelin' fine
Just fine as wine
I cant frown for grinnin'
I can't lose for winnin'
I ain't got the blues anymore

Son there ain't no rain on my parade
My ends are meetin' lately I'm ahead of the game
And brother all my bills got paid
Cause ever since lil mama came home
It's made right in the shade

I'm gonna shine
A big sparklin' shine
Everybody that I meet
Is gonna be a good friend of mine
I'm feelin' fine
Just fine as wine
I cant frown for grinnin'
I can't lose for winnin'
I ain't got the blues anymore

If I ain't got ten brother I got nine
The Good Lord's smilin' down on me
There ain't a worry on my mind
Somethin' bout that fine lil mama
I don't know why but she makes me wanna shine
A big sparklin' shine
Everybody that I meet
Is gonna be a good friend of mine
I'm feelin' fine
Just fine as wine
I cant frown for grinnin'
I can't lose for winnin'
I ain't got the blues anymore

I ain't got the blues anymore
