

Restless

Blackberry Smoke

I can't get the music up as loud as I want
I can't play a big enough honky tonk
I can't find a whiskey glass that's quite tall enough
Or that extra gear in my old truck
Cause I'm restless, baby

If I had the perfect woman, I'd want twins
Can't get enough think under my skin
I'll burn the carpet when my smokes are all through
Can't kick enough ass in these old boots

Cause I'm restless, I'm sleepless, on this quest I must go
Out here, searching for something, what it is, I don't know
Might have to find it under my headstone
Yes, I'm restless, I won't rest til the restless is gone, yeah

Can't ride enough miles in that poor bus
Ain't a man in charge that I ain't cussed, boss
I broke the law until it's plum busted up
How high is heaven? I hope it's high enough

Cause I'm restless, I'm sleepless, on this quest I must go
Out here, searching for something, what it is, I don't know
Might have to find it under my headstone
Cause I keep rolling like a rolling stone
Yes, I'm restless, I won't rest til the restless is gone, yeah

well, I'm restless, I'm sleepless, on this quest I must go
Out here, searching for something, what it is, I don't know
Might have to find it under my headstone
Yes, I'm restless, I won't rest until the restless is gone, yea
